

I. Long Answer Questions (Attempt Any Two)

Appeared 3 Times:

- Brain Death: Criteria, clinical tests, and steps for declaration. (2022b, 2023a - as part of shock pathophysiology, 2025a)

Appeared 2 Times:

- COVID-19: Pathophysiology, ICU

management, and treatment plans.

(2020b, 2021c)

- Shock & Sepsis: Pathophysiology (esp. Septic Shock) and management guidelines (SSC, CPCR). (2021h, 2023a)

- Chronic Disease Management:

Anesthetic management for patients with chronic conditions (Renal Failure, Liver Disease) for transplant or other surgery.

(2019a, 2022c)

- Cardiac Valvular Disease: Anesthetic considerations and management for patients with Mitral Stenosis. (2019b, 2022c - in renal transplant prep)

Appeared 1 Time:

- Pain Clinic and management of Low Back Pain. (2019c)

- Management of ventricular fibrillation and latest AHA guidelines. (2020a)

- Management of Diabetic Ketoacidosis. (2020a)
- Neuraxial blocks: clinical considerations and complications. (2021a)
- ERAS: Perioperative measures. (2021b)
- Adjuvant analgesics for cancer pain. (2022a)
- Recent advances in intrauterine fetal surgeries. (2023b)
- Methods of Oxygen therapy and HFNC. (2023c)
- Role of simulators in anesthesia training. (2025b)
- ARDS and lung protective strategies. (2025c)

II. Short Answer Questions (Attempt Any Six)

Appeared 3 Times:

- ECMO (2019f, 2020h, 2022e)
- ERAS Protocol (2021b, 2023h, 2025b)

Appeared 2 Times:

- Regional Anaesthesia Blocks (TAP Block, PECs Block, QL Block) (2019- pain mgmt, 2022, 2025, 2025)
- Coagulation Therapy (Anticoagulants & Antiplatelets) (2020, 2021c)
- Sepsis Scoring/Syndromes (SOFA/ qSOFA, HELLP Syndrome, Sepsis & Anesthesiologist) (2020c, 2020e, 2021b)
- ICU Sedation & Management (Sedation in ICU, CPCR guidelines) (2020a, 2021h)
- Local Anaesthetic Toxicity (Management of LAST) (2019c, 2021)

Appeared 1 Time:

- 2019: Pre-oxygenation, Remifentanyl, Organ Transplanted patients for surgery, Premature infants, Biomarkers, VAP
- 2020: Thromboclastogram, RSBI, Recommended Pharma for COVID, Organophosphorus poisoning
- 2021: Neuropathic Pain, Non-opioid Analgesics, Malignant Hyperthermia, Hyponatremia
- 2022: Modified Aldrete score, Xenon, TCI Anaesthesia, Trigeminal Neuralgia, Failed intubation drill, POCD
- 2023: RFA, Cerebral oximetry, AI in OR, Labour Analgesia, Sugammadex, Hypokalemia, POCUS
- 2025: USG in airway, Role of Magnesium, AI in OR, Methaemoglobinemia, Peds Life Support updates
